Airfield Flight Operation Regulations:

Before you are allowed to fly, all necessary documents have to be checked once by the organisation team. You can send the documents before arrival. Free flying is also possible after the document check is successful. For free flying you have to follow the airfield flight operation regulation which we will send you after your documents have been checked. Airfield flight operation regulations can also be read at the airfield.

Necessary documents and model marking:

It's allowed to use 2 models at the competition. Models will be marked with small stickers (stickers are available at the field).

MfC Heudorf is a member of the Deutscher Modellflieger Verband e.V. (DMFV e.V.).

Depending on the country of origin and whether the pilot is a member of a national model flying association or not, there are different requirements. These documents are mandatory, **flying without these documents will NOT BE POSSIBLE!**

These are listed clearly in the following table:

	You are member of a national model flying association	You are NOT member of a national model flying association
Member country of EASA (Belgium, Bulgaria, Denmark, Germany, Estonia, Finland, France, Greece, Ireland, Italy, Croatia, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Austria, Poland, Portugal, Romania, Sweden, Slovakia, Slovenia, Spain, Czech Republic, Hungary, Cyprus, as well as Norway, Liechtenstein, Iceland and Switzerland.)	International insurance confirmation valid for Germany, insurance coverage min. 2 Mio. DMFV proof of knowledge (also available in english and french):

German: <https://kenntnisnachweisonline.dmfv.aero/>

English: <https://kenntnisnachweisonline.dmfv.aero/en/>

French: <https://kenntnisnachweisonline.dmfv.aero/fr/>

Federal Aviation Office (Luftfahrtbundesamt UAS-Betreiberregistrierung (eID)):

https://www.lba.de/DE/Drohnen/UAS_Betreiberregistrierung/UAS_Betreiberregistrierung_node.html

You will not need an additional A1/A3 certificate from the Luftfahrtbundesamt as this will be covered by the DMFV proof of knowledge. You only need the eID from Luftfahrtbundesamt if you not have one from your national aviation office yet. eID is valid within the european union.

EASA Identification number (eID)

From May 1, 2021, all unmanned aircraft (including model aircraft) within the European Union must be marked with the personal registration number (e-ID). The legislator has not imposed any special requirements on the method of marking. A QR code is permissible. The number can also be placed inside the model. eID of other countries within the European Union are recognized.

Proof of knowledge ("Kenntnisnachweis") / training certificate ("Schulungsnachweis"):

In Germany, a proof of knowledge ("Kenntnisnachweis") / training certificate ("Schulungsnachweis") is mandatory required to operate a model aircraft at altitudes of more than 120 meters above ground or with a take-off weight of more than 2 kilograms. This applies to flying on and off model airfields. This proof of knowledge / training certificate certifies that the owner has knowledge of the basics of the use and navigation of model aircraft, the relevant legal principles and the local airspace regulations.

Accommodation:

Camping:

Camping is possible next to the airfield (10 €/day, payable at the airfield).

Bread roll service available.

You must provide your own power supply.

Toilets are on site, but no washing facilities.

Washing and shower facilities are available at the community center (2 km, 3 min by car, shuttelservice during daytime).

Hotel:

e.g. „Hotel und Gasthof zum Adler“ in Menningen-Leitishofen B311 (ca. 10 km), or

„Brigel-Hof“ in Langenhart (www.brigel-hof.de (ca. 8 km)).

A lot of further accomodation you will find here:
